"10"

Now, Kagin's offers collectors a "10"!

10% Commission*

The lowest rates in our history! We invite comparison. This new rate is effective NOW, for consignments to our July Sale at the M.W.N.A. (Metropolitan Washington Numismatic Association) convention.

Over the past two years, we have expanded our operations to include in-house typesetting, photography, and graphic arts production. This has greatly increased our efficiency in producing auction catalogs. This efficiency means savings to us, which we are passing on to our consignors.

To help cover the cost of presenting public auctions, we are also instituting a slight 5% buyers charge. After extensive analysis of European and non-numismatic U.S. auctions, we have noticed that a 5% buyers rate has little or no effect on bidding.

The result of these new rates will be MORE NET PROFIT to our consignors.

The deadline for consignments to the M.W.N.A. Auction is fast approaching. To include your coins or currency, at our New Low Rates, call TOLL FREE 800-247-5335. Or, see A.M. (Art) or Don Kagin at the C.S.N.S. convention.

*10% commission on items over $1,000 in value. 15% for items up to $1,000.

OVER THE YEARS

Commentaries based on cataloging over 300 sales and 52 years in numismatics
Since 1928
(including THE LARGEST A.N.A. SALE EVER HELD-1977)

The insatiable demand for quality coins and currency continues without any apparent abatement. The widening gap between Extremely Fine, Uncirculated and Gem Uncirculated prices cannot help but make us feel that nice appearing specimens, whether Extremely Fine or normal Uncirculated with a few marks are now undervalued. We note a persistent demand from collectors who are willing to pay decent prices for "decent" coins. With fewer Gem coins and currency now coming upon the market, the average collector will have to content himself with less than perfect coins if he wishes to make a representative collection.

We have "worked with" the A.N.A. over the years enabling them to acquire coins, currency and tokens for display at the headquarters in Colorado Springs. Sometimes this can become rather involved, such as trading with the donor our material that the A.N.A. can use for their exhibits for his material which may be esoteric or which may duplicate what they already have. The donor can then take a maximum tax credit for giving the material desired by the A.N.A. Our ongoing interest in NUMISMATIC EDUCATION has lead to our involvement in the ever expanding role of the A.N.A. in this field. With the contemplated expansion of the exhibit space, more material will be needed to present the proper aspects of numismatics. Numismatics is a fascinating way to teach history, art, science, etc. In fact, numismatics can by related to most of what we call "culture". Admiral Dodson's forward in our 1977 A.N.A. sale expressed it beautifully:

"Coins link men everywhere with all ages of humanity, reflecting the wisdom and failures of the past, the problems of today, and the dream of tomorrow."

Those contemplating donating to the A.N.A. should contact Don or me in order to achieve the maximum tax credit and for the A.N.A. to ultimately obtain the proper items needed for educational purposes.

HOW TO BID

What to Bid On:

As you read through the catalog for the first time, record the numbers of all the lots you are interested in on a worksheet. If you are interested in specific types of coins, be sure to check the catalog index.

How Much to Bid:

The price you bid is determined by you. You must remember the value that you place on the coins. Check the values listed in the catalog and decide what you are willing to pay. You should bid generously on the lots you strongly wish to obtain. If there are some lots you would like to have 'if the price is right', then you may want to place nominal bids on those lots. Because a number of collectors choose to bid on many lots, the number of successful bids will be relatively small. This is controlled by a very active market. **You can safely extend your bidding** (and take advantage of a 'bargain') by placing a dollar total limit on your bids. Should your total be reached before all your bids are executed, we will then terminate your bidding.

Remember that your bids are limits. It is possible, and quite often does occur, that you will succeed in purchasing a lot for less than your bid since we start the floor bidding at about 5-10% above the second highest mail bid. Example: You bid $500.00 on the lot and the next highest mail bid is $400.00, we start the lot bid at $425.00. If there are no bids from the floor, you will then be awarded the lot at $425.00 - or if the floor bidding stops at perhaps $450.00 or $475.00 then you will receive the lot at a small advance above the top floor bid. If bidding continues above the $500.00, then that floor bidder will be awarded the lot.

How to Fill Out the Bid Sheet:

On the Bid Sheet you will observe that there are two different column headings. Lots and Bids. When you decide on the lots you want to bid on, enter the lot numbers under the proper column and the maximum amounts you are willing to pay for those lots in the proper column.

LOT	BID	LOT	BID
482	550.00		
517	900.00		
614	130.00		

If you have circled one of the increase percentages, you will be allowing us to increase your maximum bid in order to obtain the lot which is going for more than you had anticipated. We will buy the lots for you as low as possible as outlined in the TERMS OF THE SALE.

GRADING STANDARDS

We use Dr. Sheldon's numerical grading system for the grading of U.S. Coins. This is the system that has been used with great success by sophisticated numismatists for many years and now adopted by the A.N.A. We use the following abbreviations and descriptions:

POOR-1	Barely recognizable as to type.
FAIR-2	Showing minor detail.
ABOUT GOOD-3 (AG-3)	Rims worn down into lettering but interior detail visible.
GOOD-4,6	All interior outlines visible.
VERY GOOD-8,10 (VG-8,10)	About 25% of the interior detail will be visible, date barely readable.
FINE-12,15	30% to 50% of the interior detail will show.
VERY FINE-20 through 35 (VF-20,25,30,35)	60% to 85% of the interior detail will show. 35 (Borderline EF).
EXTREMELY FINE-40,45 (EF-40,45)	90% of all interior details will show.
ALMOST UNCIRCULATED 50, 55 (AU-50, 55)	Bare traces of friction at the highest points. 55+(Borderline Unc).
UNC-60 (MS-60)	Strictly Uncirculated with no rub or friction, i.e. NO WEAR.
CHOICE BU-63 (MS-63)	A Choice Uncirculated specimen nicely struck and with nice luster.
GEM BU-65 (MS-65)	A Gem coin in all respects. Fully struck. Only a bare minimum of minor abrasions (marks).
SUPERB GEM BU-67 (MS-67)	If you look real hard with strong magnification you might find a faint flaw.
PERFECT GEM-70 (MS-70)	Once in a great while, a perfect coin is sold.
PROOFS & SPECIMENS	Proof and Specimen are methods of manufacture, not grades. All of our Proofs, Specimens, and Proof-Likes are graded in the same manner as our business strikes (examples: Proof-55, Proof-60, CHOICE Proof-63, GEM Proof-65, SUPERB GEM Proof 67).

CURRENCY

GOOD	Well worn but all devices legible.
VERY GOOD	Fairly well circulated but quite legible.
FINE	Some circulation but with decent color and some crispness.
VERY FINE (VF)	A few folds, with much of original crispness.
EXTREMELY FINE (EF) or(XF)	Two or three light folds, light soiling or handling marks.
ALMOST UNCIRCULATED (AU)	A single fold or several tiny corner folds.
CRISP UNCIRCULATED (CU)	No fold or corner creases! Corner may be rounded or note not completely centered but no creases (i.e. broken fibers) can be evident.
CHOICE CU	A brighter or fresher note with full borders although one or two may be slightly off-center.
GEM CU	Brightness and well centered, sharp corners.
SUPERB GEM CU	Perfect centering and bright colors. As nice as the day it was printed.

Artificially processed notes will be so described.

REGARDING ANA CERTIFICATION

KAGIN'S ARE PROVIDING COMPLETE AMERICAN NUMISMATIC ASSOCIATION CERTIFICATION OF YOUR RARE AND UNUSUAL COINS. We at Kagin's think that this certification service is essential in assuring the authenticity of the coins you purchase. This certification service guarantees you the genuineness of the material handled in a Kagin's Auction. **FOR ALL OF THE COINS FEATURED WITH PHOTOGRAPHIC REPRODUCTIONS ABOVE THEIR RESPECTIVE LOT DESCRIPTIONS WE WILL FURNISH ON REQUEST AN ANACS CERTIFICATE.**We are pleased to provide this service for our consignors at no extra charge.

The American Numismatic Association Certification Service, ANACS, is a branch of the federally chartered, non-profit, educational American Numismatic Association. The professional staff at ANACS examines and when necessary, will conduct non-destructive tests on numismatic material submitted for certification. The results of these tests are then furnished to the person submitting the item along with a statement of ANACS opinion concerning the authenticity of the coin.

All coins that are determined to be genuine, are then issued a certificate of registration. This certificate records an identifying code number, a statement of authenticity and documented photographs.

Kagin's is the only auction company that offers this ANACS for all the major coins featured in our auctions. This is a valuable benefit that Kagin's is able to offer you. It protects the collector and the consignor. You will be able to take advantage of this essential service when you consign your coins to a Kagin's auction.

CURRENCY MARKET REVIEW

Vol. 1 No. 1 — April 1, 1981 — Single Issue Price $1.00

Large Size United States currency is one of the few areas of collecting potential and has been overlooked by too many years. Consider the following:

It compared to coins of the same rarity, currency is priced at about 1/10th as much. While one or two notes may have changed hands at $25,000.00, no United States note has sold at auction for more than $14,000.00. Compare this with auction records of over $200,000.00 for some U.S. coins!

21. U.S. currency has not been given promotion either as an investment or for speculative purposes.

4. While notes in top condition can now be obtained, they are usually NEAR that in about a years the tougher notes will simply not be available at any reasonable price (as was the case for coins in the late 1950's).

5. Due to the higher face values for many issues, coins FAR FEWER were held out of circulation.

6. Currency is aesthetically beautiful, and as such is a very popular showpiece for both the collector and investor.

At there are now several good reference works available. Prior to Friedberg's premiere paper money in 1953, few people collected notes. With the advent of the reasonably priced Donlon book in 1960, paper money collecting became popular for a growing fraternity of collectors. Now, the increasing attention paid one of the fastest growing numismatic fields has brought about the publication of a monthly newspaper, a magazine and a separate society of over 4,000 eager paper money collectors.

THE BEST CURRENCY INVESTMENTS UNDER $300

The following is a small selection of notes which in my judgment could easily double in value by 1980 (several could even triple by then). Cost is current market value for NEW notes. Both Donlon and Friedberg numbers are given for quick reference. Risk Factor is the chance the discount from market value during a soft market.

Donlon 1-1, 1001-1, 1-1, or 1-1, Friedberg 1-1, 1-16, 1-7, $1, 1862, Legal Tender Notes, cost $250; cost $1,000; or 1979, 1-1001, 1001-5, 1001 to 1-20 to 25, $1, 1875 Legal Tender Notes. Long due for substantial rise. cost $125; $150, RF 20%, 79-1000, 1001-8 to 1011-10, 1-28 to 30, $1, 1880 Legal Tender Notes. Like above type, they are still underrated. cost $125; $140, RF 20%, 79-700, 1001-8 to 1011-10, 1-36 to 39, $1, 1917 Legal Tender Notes. One of the lowest priced type notes, a rise of 50% from last catalog revision & excellent potential cost $10; $15, RF 20%, 79-200, 1001-8 to 1011-10, 1-101 to 102, $10, 1880 Legal Tender Notes. The so-called "jackass" notes (rough in texture resembles a jackass or mule when inverse scans & popular in New 80's, an increase over last catalog cost $200; $250, RF 25%, 79-1,200, 1901-12 to 201-13, 1-215 to 218, $1, 1890 Silver Certificates seal sealed. Very popular. Martha Washington notes. Undervalued in top condition cost $225; $250, RF 20%, 79-1,100, 1901-13, 1-201-17, 1-222 to 223, $1, 1891 Silver Certificates. This type only issued for 7 years. Undervalued in New condition cost $225; $250, RF 20%, 79-900, 1901-17A to 201-19, 1-221 to 225, $1, 1896 Silver Certificates. The Famous Educational Series, probably the most popular U.S. note as it instantly depicts History to arouse Youth. While the $2 and $5 in this series are not RARE in New & priced accordingly, you can still pick up the $1 below at issue is priced out of range. cost $400; $500, RF 20%, 79-2,000, 1902-20 to 32, 1-219 to 258, $2, 1899 Silver Certificates. Much scarcer in New than indicated in reference books. cost $90; $125, RF 20%, 79-725, 1929-201A to 201-31, 1-271 to 281, $5, 1890 Silver Certificates. Not can but quite popular. Indian Chief Oberpaige note in new of $100 from last catalog. cost $300; $25, RF 20%, 79-1,700. Totals for these recommendations are: Cost $1,980; $2,190; 79, $10,075.

ERRORS, STARS, LOW SERIAL NUMBERS, ETC.

Errors are new and specialized fields of currency collection and numerous articles have appeared recently concerning their. Prices are unpredictable as there are no complete reference books available. Generally, the more interesting the error, the higher it is priced.

PERSONALIZED INVESTMENT SERVICE

Many auction bidders ask us for advice on how to invest in rare coins. Collectors who are building specific collections often ask which dates to buy first, or which condition of coin is best for them to obtain, etc. Other bidders ask us simply for the "best opportunities for investment."

In response to these requests, we have developed the Kagin Numismatic Investment Program — a program which differs from all others.

You receive the personal attention and service of A.M. (Art) and Don Kagin who work with you to develop an individually-designed program that will meet your specific needs.

A.M. Kagin is a professional numismatist who has been active in numismatics for more than 50 years.

Don Kagin is the recipient of the first Ph.D. conferred in numismatics.

We will personally service your account, making suggestions for acquisitions and making sure your collection meets your individual needs.

Kagin's is particularly noted for:

U.S. currency—We edit and publish the **Donlon Catalog of Large Size U.S. Currency 1861 to 1923.** (New 1979 edition just published). Our currency Investment Program includes only **Choice** and **Superb** Notes selected from the **Largest Inventory of U.S. Currency available.**

Pioneer and Territorial Gold—Don Kagin is currently writing the book that will be the new guide for Pioneer and Territorial Gold. When the book is published, rarity ratings will be drastically changed on a number of coins, and there will be fewer "bargains". Avail yourself of this service **NOW** before prices advance further.

Whether you wish to collect specific coins or to make general investments, our Investment Program offers you the following additional services:

- Inclusion in Keogh Retirement Plans and Individual Retirement Accounts.
- Pension Funds.
- Numismatic Tax Counseling.
- Personal Consultations.
- Personalized programs designed to fit your individual needs.

"10"

Now, Kagin's offers collectors a "10"!

10% Commission*

The lowest rates in our history! We invite comparison. This new rate is effective NOW, for consignments to our July Sale at the M.W.N.A. convention.

Over the past two years, we have expanded our operations to include in-house typesetting, photography, and graphic arts production. This has greatly increased our efficiency in producing auction catalogs. This efficiency means savings to us, which we are passing on to our consignors.

To help cover the cost of presenting public auctions, we are also instituting a slight 5% buyers charge. After extensive analysis of European and non-numismatic U.S. auctions, we have noticed that a 5% buyers rate has little or no effect on bidding.

The result of these new rates will be MORE NET PROFIT to our consignors.

The deadline for consignments to the M.W.N.A. Auction is fast approaching. To include your coins or currency, at our New Low Rates, call TOLL FREE 800-247-5335. Or, see A.M. (Art) or Don Kagin at the C.S.N.S. convention.

*10% commission on items over $1,000 in value. 15% for items up to $1,000.
